

My name is Natalia and I coordinate 200 volunteers from our Queensland sites in Southport, Jimboomba, Ipswich and Lowood.

From the Community Drivers who transport people to medical appointments and shopping or social outings, to the Pantry Truck Drivers who collect groceries for the needy, our volunteers play a vital role in our ability to keep the people we support socially connected to the wider community.

We even have volunteers giving up their valuable time to assist with our administration, run our Wellbeing Program and create some amazing food in our community kitchen. We are very lucky to be supported by so many kind people.

During National Volunteer Week (9-15 May) I would like to sincerely thank our many volunteers both here in Queensland and across the country. You are inspiring and are the backbone of Able Australia. You make such a difference in lives of all the people we support.

Thank you!
